

New Year with family Kallmeyer (IRELAND)

Thursday, 26 January 2012 • 437 views

It is clear that for true fanciers time flows differently than the rest of the world. In season weekends are devoted to competitions, weeks are busy preparing for the flight and, generally, birds give rhythm and meaning of everyday life. Any event that somehow binds the passion within and becomes preoccupied holiday. What can be nicer than to have a chance to even spend the winter holidays with family, during which you know and one of the great personalities of the pigeon sport today and I admire champions. So I chose me, Doru Georgescu, to enjoy celebrating the Irish lands to anyone other than Hennie Kallmeyer home in Dublin.

dsld Anette & Hennie Kallmeyer, Doru, Angela and Geacomino Georgescu

It all started from rasunatoarele results obtained in recent years in the Irish breeder of prestigious competitions and colombodroame worldwide. Obviously, the performance and the origins of birds also can be only as. And that interest on any pigeon, namely the famous family behind the success, the selection method used and, in general, "like flies" a great breeder outside. That's why I decided to meet him in the flesh Kallmeyer and to analyze and birds live. And it was worth it! Man is a real personality, a top technician who was willing to share some of my own style of flight, and an excellent partner for discussions over a glass, about birds and more. An unforgettable experience for me and a good opportunity to present our magazine readers an instructive meeting with Master Kallmeyer.

Doru Georgescu in hand with the "Sidekick" (live David Clausing, USA), son's "Never Say Die", a place. Final Million Dollar Race 632km (\$ 200,000).

"Sidekick" is a father's place columbodrom

Sunshine State International 320 km for Dave Clausing.

Kallmeyer family meeting I had scheduled a month before my arrival in Ireland to spend my winter vacation. The two, as the couple talk **Hennie & Annette Kallmeyer**, were glad to host me for a few hours and I present the history and pigeons. Hennie is of South African and pigeon sport began with his father, when she was 11 years. Since 94-95 years, remarkable results obtained in America some **DAVID CLAUSING** have warned that the two decide to buy birds from the U.S.. It seems to have taken a decision inspired, because, not long after, the results of Clausing to columbrodrome U.S. and especially the **Sun City Million Dollar Race** in South Africa have attracted worldwide attention pigeon world. Thus, there is the **No. 2** in tandem with Belgian **Houben** in **1997**, **ranked 68 and 93** in **1999**, **3rd and 36** in **2002**, **# 1 and 26** in **2003**, **number 24 and 26** in **2004**, **4th place** in **2005!!** In turn, Kallmeyer and father fly very well in national competitions with South African descendants of the first pigeons obtained from David Clausing buy.

Analysis of "Dakteels" import David Clausing (USA). The father of

32. Emerald Final 410km Classic 2011, held 13. Derby nat. 7400 baby pigeons

(Flown by another breeder). The grandson of "Jay" and "1383", two of the most

Clausing's good breeders.

In 2008, Hennie, his wife Annette are forced to move the service to Dublin in Ireland. Since export rules in South Africa for birds and animals are very strict and severe, are forced to give up the old birds and Clausing calls again for an import of 13 birds in 2009. They are the first birds that enter the home David Clausing in Europe. Hennie managed to teach and train them in the same year, retaining only those with performance. In 2010 the first baby born that excellent results are obtained internally, culminating with the occupation of **a place** in the finals and place **4 to AS** the international columbodromul **Emerald Classic** in Northern Ireland **"Baby Bear"** . Following this success, is launching a new order for 13 more chicken to Clausing, promptly honored in 2011. And they will be subjected to a rigorous selection of flights. After this last selection will remain in breeding birds descended namely Clausing's famous **"410"**, **"Never say die"**, **"Jay"**, **"217"**, **"David Jr."**, **"Zico II"** and **"1383"**.

Hennie, Doru and loft carer

Phenotypic Kallmeyer pigeons are today's midsize to large, very rich plumage and a muscle longilina built a very strong bone structure. What strikes you on these birds is the lack of weight although they seem airy. Mention that family practice Clausing David Kallmeyer as consanguinity reproduction in these birds is very well pretandu it.

Since moving to Ireland, Kallmeyer family decided to fly only on international columbodrome and, during this visit, we obtained the promise that this year the two will

participate in Romania, the columbodromul **Balkanic Fair Play** . It will send a total of **10 birds** released in **July 2011** to **auction exceptional** organized by **Bibi Stefanescu** site **www.sportcolumbofil.ro** in February 2012. Finally I can say I feel honored that I was privileged to know Kallmeyer and young family to keep in hand these wonderful birds that have already made history and will confirm and secure future.

Doru Georgescu
